

CIO Services

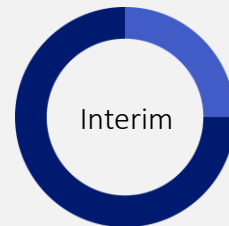

Have the expertise, when you need it!

HOW CAN WE HELP?

Our approach starts with understanding your business strategy and key objectives. Through that understanding, PSM’s CIOs can align your technology to those objectives driving business growth and supporting the organization. Our team can produce short and long-term technology roadmaps, along with providing the needed leadership to execute that delivery for your organization.

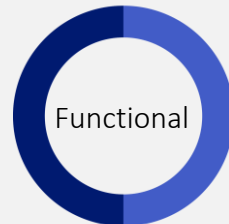

CIO Consulting Services:

- Create business value through technology.
 - ✓ Ensure tech systems and procedures lead to outcomes in line with business goals
 - ✓ Monitor changes or advancements in technology to discover ways the company can gain competitive advantage
 - ✓ Analyze the costs, value and risks of information technology to advise management and suggest actions
- Strategic planning of business growth objectives.
- Establish IT policies, strategies, and standards.
 - ✓ Information risk management.
- Select and implement suitable technology to streamline all internal operations and help optimize their strategic benefits
 - ✓ Approve vendor negotiations and IT architecture.
 - ✓ Develop and approve technology futures and budgets.
- Oversee the technological infrastructure (networks and computer systems) in the organization to ensure optimal performance
- Direct and organize IT-related projects
